The Record.

Muhlenberg County

is rich in coal, iron, timber, potter's clay, etc., and the most inviting field in Kentucky for investment of capital and pluck.

VOL. XIII. NO. 27.

GREENVILLE, KY., THURSDAY, AUGUST 17, 1911.

50c. PER YEAR, IN ADVANCE

STATE FAIR CLUBS IN EACH OF 119 COUNTIES

"BOOSTERS" WILL BE MARSHALLED IN IMPOSING ARRAY IN EVERY DIRECTION.

Kentucky State Fair clubs in every county in the state are promised long before the gates open for the big annual exhibition on the magnificent fair grounds which are the property of the people of Kentucky. These Kentucky State Fair clubs will be organized in connection with the county meetings of the Farmers' Institutes. The members of each of these clubs are expected to become "boosters" and will have as their slogan, "I'll be there; will you?"

The forming of these fair clubs alone is expected to mean a big increase in the attendance at the fair from each of the counties of Kentucky. In addition, the fiscal court in each of the Kentucky counties will be asked to make an appropriation of \$100 for a county display. There is not a county in the Commonwealth which has one or more products of which it is justly proud and it is these products which the respective appropriations will pay for displaying. Therefore, it not only will be state pride which will be on trial, but county pride as well. A good natured rivalry will thus result which should send the citizens of the different counties back home prouder than ever of the resources of their respective communities.

PREMIUM LIST GREAT FEAST

RURAL SCHOOLS RECOGNIZED

KENTUCKY STATE FAIR GOES THE LIMIT IN ENCOURAGING EXHIBITORS.

The annual premium list for the Kentucky State Fair, which is just out of the hands of the printer, teems with good things in the way of awards, all of a character to attract exhibitors. Thousands of copies are being mailed to prospective exhibitors and the demand for them is unprecedented. A glance across the pages of the premium list, which is a tractively written up from a standpoint of mechanical work and of arrangement, furnishes pleasing surprises.

Among the new departments will be the educational, with prizes for the children in connection with the rural schools. These prizes will be divided among the classes in sewing, cooking, map drawing, model lessons, writing, spelling, etc. The premium list was placed in competent hands by Prof. Ellsworth Regenstein, at the head of this department, he having designated Mr. McHenry Rhodes, of Owensboro, and Prof. T. J. Coates, of Richmond, for that purpose. Such a department is certain to appeal to the enthusiasm of both teachers and pupils, and spirited contests are expected.

This recognition of the rural schools is in line with the policy of the management to recognize the sections of the state from which a big part of the support for the Kentucky State Fair is expected.

PERRY'S VICTORY ON ERIE TO BE DISPLAYED IN FIRE

Triumph of Pyrotechnic Art. Something Absolutely New, Will Be Seen at Kentucky State Fair.

From the amusement standpoint alone, as divorced from the more serious or the educational end, the Kentucky State Fair of 1911 will make a big hit. Amusements of a character which will not give offense, but which still are up to the minute, have been contracted for, and it will be to laugh every minute while the visitors are in the proper section. The marshalling into a band of several big, clumsy elephants is an entirely new and diverting feature from a pleasure standpoint. The Whirling Tumbler Sisters will make the average person dizzy in a very few minutes and their gyrations are a wonder.

The combination feature known as the "Loop the Loop" and the "Cap the Gap," one of the most thrilling feats ever attempted anywhere, is certain to draw thousands daily to the scene of this dare-devil ride. The head-on collision between two monster engines, each weighing 240 tons, will provide sensations enough to last a week. Two engines are started towards each other on a track and permitted to crash in front of the grand stand.

Kentucky's Commissioners will draw both old and young as if by magic, as the features arranged for this year will be certain to please. In this instance the state fair management has not been sparing of money as it decided that it were better to have none unless it be the best.

Kentuckians should be especially interested in the graphically spectacular display of the Victory on Lake Erie, as Gov. Wilson has already appointed commissioners from this state to the centennial celebration in 1912. Other beautiful and impressive figures shown in fire will be produced nightly by the Pyro-Spectacular Company of Rochester, N. Y., with which concern the contract has been made.

POULTRY

TURKEYS ON SMALL FARM

White Hollands Are Best Adapted—They Are Hardy and Quick Growers and Excellent Layers.

The White Holland breed of turkeys is best adapted to small farms where everything is crowded. They usually make their nests in, or close around the farm buildings, and are excellent mothers during the incubation season, being quiet and easily handled. When

Pair of White Hollands.

the poult are hatched they readily take to the fields, never loafing around the barnyard, and yet nearly always keeping within sight. With but little attention they are always at house at night. They are hardy and quick growers, and excellent layers. One of my yearling hens laid 30 eggs this season, besides hatching a brood of 24 poults from 25 eggs.

GOOD QUALITIES OF HOMER

Used in Preference to All Others for Breeding Purposes on Account of Large Size.

The Homer is used for breeding in preference to all others, on account of its large size, prolific and fertile breeding. Being splendid feeders, the squabs are always in nice, fat condition for selling for broilers, or they can be raised to full growth and sold at a profitable price. They can be used in confinement or at liberty, and from 12 to 16 young in a year or a pair every six weeks from January 15 to November or monthling time. They lay but two eggs and sit

Pair of Homers.

about 18 days in hatching, and then they feed their young while they are preparing for another nesting, which they usually have before the squabs can feed themselves.

POULTRY NOTES

Ducks are good hatchers but poor mothers. Clean house often and don't forget the widows. Lawn clippings make an ideal summer green-food ration.

The brooder should be so constructed that it can be easily cleaned. Ducks kept on land must be supplied with fresh water three times a day. Lighter foods are best these warm days. Heavy food like corn heats the blood. Fowls seldom suffer from constipation, if they have plenty of grit and variety of food. Green oats, sweet corn fodder and rye are excellent green food for both old and young ducks. Charcoal pounded fine and kept in the drinking pans will keep the young and old birds in good condition. If the poultry raiser resorts to artificial incubation, it is usually necessary to resort to artificial brooding.

Real consumption in poultry is rare, but pneumonia, or inflammation, or congestion of the lungs is quite common. Fresh, green bone is of itself almost a complete feed, and may be used as a special material for egg production. Feed the poult on hard boiled eggs, chopped fine, boiled rice and soaked bread every two hours from early morning until night. It is no sign that a hen is hungry just because she runs with outspread wings whenever called. A hen never knows when she has enough. In feeding any kind of feed to the little birds great care should be exercised to prevent them from getting into the feed with their feet. To make strong egg shells the hen must have a plentiful supply of mineral matter, such as crushed oyster shells, ground bone and clover. When hatched leave the young overnight with the mother. Next day lift the mother gently and place her in a large, dry, coop with the entire brood.

Kentucky Fair Dates.

The following are the dates fixed for holding the Kentucky Fairs for 1911 as far as reported. Officers of fairs are requested to report to us any omissions or corrections of dates.

Lawrenceburg, August 13-14 days.
Letchfield, August 15-16 days.
Barkley, August 15-16 days.
Brookland, August 16-17 days.
Fleming, August 16-17 days.
Shepherdsville, Aug. 22-1 day.
Shelbysville, August 22-1 day.
Columbia, August 22-1 day.
Liberty, August 22-1 day.
Springfield, August 22-1 day.
Cormantown, August 22-1 day.
Nicholasville, August 22-1 day.
Somerset, August 22-1 day.
Frankfort, August 22-1 day.
Fulton, August 22-1 day.
Bardonia, August 22-1 day.
Franklin, August 22-1 day.
Paris, September 1-6 days.
Monticello, September 5-1 day.
Alexandria, September 5-1 day.
Mount Vernon, September 5-1 day.
Hodgenville, September 5-1 day.
Sanders, September 5-1 day.
Kentucky State Fair, Louisville, September 11-6 days.
Scottsville, September 11-1 day.
Horse Cave, September 20-1 day.
Morgantown, September 21-1 day.
Chargen, September 21-1 day.
Mayfield, September 21-1 day.
Paducah, October 1-1 day.
Murray, October 11-1 day.

What Are You Going To Do This Year

by way of making your business successful and your domestic life full of pleasure, if you are not supplied with telephone service of the Cumberland Telephone & Telegraph Company? Everyone should have a telephone. You are connected with all outside important points in local connections with all residences and business houses. For any information call manager.

Cumberland Telephone & Telegraph Co. Incorporated.

Roark's Store Notes

Furniture, Moldings, Wall Paper

We carry on our floors and in our warehouses the largest variety of Furniture in Muhlenberg.

If we do not have what you want, we will get it for you. We have factory connections with makers of the finest goods in the country, and through "Our Special Order Department" can supply any exclusive articles at less prices than city stores or mail order houses.

Our Picture and Room Molding-stocks are always complete.

Wallpaper is now a staple article of merchandise, being used all the year 'round. And we always have full selections, prices 5 cents and up per roll.

Engraving - - - Engraving

"Our Engraving Machine is the only one in this part of Kentucky, and we are exclusively prepared to supply individual Name Plates, which we furnish on all outfits without extra cost.

Undertaking and Embalming.

Coffins in White Enamel and Stained Varnish Finish; Caskets in White Enamel, Natural Woods, White, Colored and Black Cloth Covered; all Metallic and Copper lined airtight Caskets; all lengths, and regular, extra and double extra widths. Steel Grave Vaults of all sizes constantly in stock, for immediate delivery.

Burial Robes, Wrappers, Suits, Dresses, Slippers, etc., in large variety. Our two licensed Embalmers respond at once to calls for such services. Our general equipment is complete and of highest grade. We have a Funeral Car in service, subject to call anywhere.

Two Private Long-Distance Telephones, State 72; Residence 108. Residence 150 yards from store. Prompt service any hour day or night.

The J. L. ROARK ESTATE.

Orien L. Roark, Manager.

We Ask You

to take Cardui, for your female troubles, because we are sure it will help you. Remember that this great female remedy—

WINE OF CARDUI

has brought relief to thousands of other sick women, so why not try it? For headache, backache, periodical pains, female weakness, many have said it is "the best medicine to take." Try it!

Sold in This City

Do you drink coca cola? Then try ours. It is pure and refreshing as a tonic.

Swing settees for porches at Roark's.

THE RATE TO CHICAGO REDUCED.

Monon Route Announces New Schedule of Fares One Way and Round Trip.

The Monon Route announces that it will henceforth sell tickets between Louisville and Chicago at \$6 one way, instead of \$8 as formerly, and \$12 round trip, good 30 days returning, instead of \$16. Patrons are offered exceptionally good service by the Monon, which on night trains from Louisville operates Compartment and Drawing room Pullmans, as well as the usual straight sleeper. The day trains have Parlor and Dining cars, and the very finest modern, new coaches. Inquiries cheerfully answered by E. H. Bacon, D. P. A., Louisville, Ky.

Save your home by having your lines repaired. Barkley Bros. do this work in best manner.

J. H. HAYES Painter and Interior Decorator.

A Little Good Paint in Time Saves \$\$\$

When your buildings need painting, every day's delay costs you money. The sun, rain, snow and frost are getting in their work. Lumber costs too much to let it decay for want of a little paint.

It costs less to use good paint than to go without it. We use nothing but good paint on our work.

CARTER Strictly Pure WHITE LEAD

Pure Linseed Oil, Pure Turpentine and the most expensive colors

The kind of paint we use never cracks or scales—only years of wear will remove it. Let us figure with you when ready to paint. We guarantee a first-class and durable job—prices reasonable. Don't put it off.

Telephone No. 254.

New stock sewing machine needles at Roark's for all machines.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

SOLD IN TOWN

WE BUY WOOL HIDES AND FURS

Better for you than agents or commission merchants. Reference: any bank in Louisville. We furnish Wool Bags Free to our shippers. Write for price list.

N. SABEL & SONS, 1012 N. 2nd St., Louisville, Ky.

PATENTS

60 YEARS' EXPERIENCE. TRADE MARKS. DESIGNS & CO. Copyrights &c. Agents for all kinds of patents. Free consultation. Inventors should send sketches and descriptions of their inventions to the Patent Office, Washington, D. C., for examination. If the invention is new and original, a patent will be granted. The Patent Office is the only place where a patent can be obtained. The Patent Office is the only place where a patent can be obtained. The Patent Office is the only place where a patent can be obtained.

DON'T BE DISCOURAGED

ELECTRIC BRAND BITTERS

They build up the run-down; they strengthen the weak; they invigorate tired and worn-out people. They're unequalled for dyspepsia and indigestion, constipation and malaria, biliousness and jaundice. They're a blessing to women who suffer from backache, headache, fainting or dizzy spells and a boon to all sufferers from kidney troubles. TRY THEM.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

Write for Ladies' Advisory Dept., Chattanooga, Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 3c

June 5, 1911. W. G. CRAWFORD, AGT.

Local Mention.

Fine hay fever weather, and there are several people who know it much better than others.

Mc has "Big Ben," one of the best alarm clocks on the market.

A continued absence of fever, and gradually gaining strength, Mr. M. B. McDonald is on the road to recovery.

Give us your job work.

Judge J. C. Jonson is in Calhoun on legal business; he is accompanied by Carol Jonson and Mary Elizabeth Roark, who will make a short visit to relatives in McLean.

Police Judge W. H. DeWitt has been confined to his home for some days, a sufferer from nervous trouble and kidney disorder, but he was reported as getting along better yesterday.

Carol Hayden, son of Prof. and Mrs. C. C. Hayden, was painfully injured last Saturday afternoon when he fell from a tree and struck the palling of an iron fence, a painful injury being inflicted by a jab in the hip. The boy is getting along very nicely, and will soon be out.

There was quite a representative gathering of Muhlenberg Democrats here last Saturday, when the convention assembled naming delegates to Louisville and stating the principles that should be incorporated in the platform were set forth. Delegates were instructed to demand the county unit plank on the prohibition question, there being slight opposition.

Roark's furniture polish is somewhat better than the rest, and is sold considerably cheaper, and with the broadest guarantee—money back if not better than any you ever used.

Mr. Herbert Tate, of White Plains, will be the manager of the production department of the new mill, and in many years of experience as a mill manager the output to be of the highest grade. Mr. Tate was raised here, and he and his family will be welcome to our city.

Give us your job work.

Mr. George Roberts, advance contracting agent of the Sun Bros. agency, was here Tuesday afternoon, and was buying locally everything needed for the various departments of the circus. He has had a lifetime work in this line, knows his business thoroughly, and it is a pleasure to have transactions with such a gentleman.

If you want a milk chocolate, strawberry milk or Bimbo Flip, we have it. TAYLOR & POOLE.

Victrol

Hear varied selections on the Victor talking machines at Roark's. The world's best music, as well as all the popular selections, speeches, bands, orchestras, instrumental solos, vocalists, etc. Victrolas \$75 to \$250. Large library of records and all kinds of talking machine supplies.

Shows are coming thick, just now.

There is talk of another moving picture show coming here.

Mr. and Mrs. E. A. Taylor will soon be occupying their new home on Main cross street.

Needles for all sewing machines at Roark's.

Sun Bros. will exhibit here Wednesday, Sept. 13, afternoon and night. This will be their third appearance here, and their high-grade attraction is well known to our people.

Messrs. T. B. Pannell, Robt. Harrison, E. A. Taylor, W. C. Jonson, S. C. Hayes, were among the delegates from this county to the Democratic state convention in Louisville.

Give Miss Fena Arnold your laundry goods called for and delivered.

Work at the coal mines is picking up somewhat, most operations averaging four days a week. Considerable overhauling of equipment, trackage, etc., has been done this summer, to be in readiness for what is thought will be a heavy run this fall and winter.

Advertising pays. Two weeks ago Tim Roark stated that we had not had a circus here for two seasons, and that we were hungry for one. Up to the present we have two circuses booked, and our foreign correspondents have not been heard from yet.

Mr. Presley Bogges was reported as resting easier yesterday, but there has been no material improvement in his condition.

Home rendered lard 12 1/2c. per pound. J. E. COOMBS & CO.

Hurry up on that vacation, or the weather will be such that you will not need it.

Dealers in school supplies are having considerable business.

A Bissell carpet sweeper will last longer than 40 corn brooms, cost \$12 to \$15; the sweepers cost \$3 to \$5.75. See them at Roark's, and have other advantages than the money-saving features explained.

Let Mc fix your clock.

Water in the lake is lower than it has ever been, and there is not enough left to last more than a year, it is thought.

Marriages are less numerous just now.

School children are beginning to get ready for the school year.

McCracken has the largest stock of dials for timepieces ever carried in the county, and can fit anything from the court house clock to a toy watch.

Work has been started on the concrete residence of Mr. S. D. Bradley, on Paradise street, near Main-cross, and when completed it will be one of the most attractive in that section, which has been improved rapidly of late years.

Many of our people are waiting to get sight of an arship of some sort, and cannot understand why it is that of all the craft of this sort traversing the sky none happens to pass this way.

Visiting auto parties have much fun over the crowds that are attracted here when a car comes to town. They do draw about as strong as a circus, showing general interest of our people in the new means of transportation.

There is a general desire here that the town have an automobile or more, but everyone wants the other fellow to buy.

Fresh, smoked and salted meats of all kinds at J. E. COOMBS & CO.'s market.

The Louisville excursion on the 27th. will make no stops after leaving Central City.

There will be no trouble to get the children up early in the morning.

If you want that dead watch or clock put to work, let Mc have it and he will put it to running.

Building operations continue active.

Typewriter ribbons, all machines, at Roark's.

Rope sellers may prepare for an extra demand for lassoes, after the Wild West has been here, as many youngsters will be installed with the desire to become expert lariat throwers.

Large line of collapsible go-carts at Roark's. Prices right.

The special term of circuit court which convenes here Monday will draw a large crowd to town. There are several important cases to be tried, and scores of witnesses will be in attendance.

Sewing machine needles of all kinds, oil, bands, etc., at Roark's.

Blind tiger men are being routed from all sections.

Try Miss Lena Arnold's shop for high grade clothes pressing.

There is to be another excursion to Louisville at the \$1.75 round trip rate, leaving here on Sunday, Aug. 27, at 3:40 p.m., returning Tuesday night.

Concrete men are overrun with work, and are weeks behind on contracts.

The depot section will be the popular part of town tomorrow, as the show will be there.

The I. C. will run what will probably be the last popular-priced excursion of the season to Louisville on Sunday, Aug. 27. These excursions are well managed, have no stops either way after leaving Central City, and give ample time in Louisville. Hundreds of people take advantage of these extremely low rates, and there will be a large crowd from here and nearby.

The hitching yards and feeding sheds are getting more popular daily, and our country cousins appreciate this convenience very much.

Country roads have never been in as good condition as now, all the principal highways having been intelligently and thoroughly worked now.

The LaMeade opera house is being overhauled for the approaching season, and will be put in best condition. The door at the foot of the stairway has been altered so that it opens outward, which is as it should be, as in case of a panic it would be impossible to run the door, as would have been done with the door opening inward.

Mr. F. M. Howard was in Louisville on business the latter part of the week.

Mr. Marvin Wells was in Dawson Springs last Sunday.

Mr. Earle Bogges, of Memphis, came up last evening, to be with his father, Mr. Presley Bogges who has been seriously ill for some days.

\$1.75 excursion on the 27th.

Christian county has been having some trouble with gamblers, and was "killed" Ben Johns, an old persistent offender, the sum of \$500.00 on 17 counts. Johns lived near Fruit Hill, and operated extensively in north Christian.

Many people were sorely disappointed Sunday because it was not the hottest day of the summer, as was predicted by some year in advance weather guesser. It was cloudy most of the day, and it was a little, and good breezes played a master of the day. If it had been a roaster there are many people who would continue to believe implicitly in those fakirs who tell in advance what the weather will be. Some of them will of course do so anyway.

Mrs. C. M. Howard has returned from a visit to relatives in Lebanon and Marion county.

Quite a number of our Democratic leaders have been in Louisville this week, in attendance at the State convention to formulate the party platform.

The Boy Scouts arrived home last Friday afternoon, after a ten-day outing, with Mammoth Cave as the principal place of exploitation. The boys had a great time, kept well, and enjoyed everything.

Notice to Stockholders.

The annual meeting of the stockholders of the Greenville Light & Water Co. will be held at the Court House in the city of Greenville on Sept. 14th, 1911 at 8 o'clock P. M. J. A. Gilman Secty.

By the ingenious device of printing "deathrate," "coaltrade," and similar terms in the compact form here shown, the esteemed Saturday Evening Post lately has been saving valuable space and adding to the language, on an average several dozen words a week.

Hon. Ed. C. O'Rear, nominee of the Republican party for Governor, opened the campaign for his party at Elizabethtown last Monday, and his address was one of the strongest that has been made by any speaker, as it takes advanced lines on all questions, and is on a high plane, far above petty personalities and personal abuse. In Judge O'Rear the party has secured a standard bearer who will appeal strongly to all people, as he is a forcible speaker, a man of learning, and personal characteristics that draw friends and admirers.

Six weeks until conference.

Weed cutting is progressing, but much of it is too late to kill the seeds.

Work is being rushed on the new building that will be occupied as offices by the Greenville Light & Water Co. and it will be a commodious, permanent structure.

Good morning! Are you ready for the entertainment of conference delegates?

A fresh shipment of "Big Ben" alarm clocks is going fast at Mack's watch shop.

A late census discloses that there are 350,000 automobiles in this country. Seems we could have one.

The forthcoming terms of circuit court, special and regular, will be the longest session ever held, it is thought, as both regular and special dockets will be crowded, and doubtless the full time will be required.

Sheriff Johnson made good use of his automobile last Thursday, when he overhauled a negro who had stolen a mule and was making a break for the Tennessee line. The motor car soon caught up with the mule, and his rider is in jail, with a free trip to Edlyville a very flattering prospect.

To-morrow is circus day.

Crops suffered from the extreme heat last week, and tobacco was injured in some instances beyond recall.

The first show in three years will be here to-morrow, and the crowd should be an immense one.

Still, the five year old son of Mr. and Mrs. Ellis Elkins, of Berea, died last Saturday morning after an illness of some weeks from typhoid fever. Revs. O. A. Barbee and G. D. Dillon conducted a short service at the home at 2 o'clock Sunday afternoon, and interment was made in Old Liberty cemetery. A large number of relatives and friends being in attendance, still was a bright, sturdy boy, and his sorrow stricken parents have the deepest sympathy of all.

Mr. Robert Williams, who has been confined to his home for some weeks, was reported as very low yesterday, and it was thought that he could survive more than a few hours. He is suffering from a complication of troubles, and his age is against him in his combat.

With both political parties promising the country now, it may be that we shall get it—but don't put too much dependence in party platform promises.

Mr. John A. Williams is here from Lexington, being called by the illness of his brother, Mr. Robert Williams.

Platfms mean little after a party is elected. Ever notice it?

House and Land for Real.

The Captain Roark property, a room house, stable, fine water, several acres of land, ready for cultivation located just outside of town, on two streets, will be rented reasonably. Fine location, desirable home. Apply to Orien L. Roark, Greenville, Ky.

Guess Again.

Did you ever square a circle? Did you ever walk on air? Did you ever seize a catamount and choke him in his lair? Did you ever crawl the ceiling? Did you ever fall a mile? Did you ever smash a man full in the face and see him smile? Did you ever drop a biscuit in the sea and get it back? Did you ever win a motor race while riding in a hack? Did you ever plant an acorn and produce an apple tree? Did you ever ride a rattlesnake or sting a humble bee? If you think that you'll succeed in life without a useful plan: If you think that you can loaf along and beat an earnest man: If you think that you can lie and cheat and hold the earth's esteem, compared with all these simple things your's is a crazy dream. There never was a way by which a shirker could succeed: There never was a time when sloth could set the pace for speed: There never was a burden that man could lift by drink. There's just one way to win in life: Be patient, work, and think.

Mosquitoes.

So much has been written and said in the past ten or twenty years about mosquitoes and their malign agency in the spread of certain diseases that it seems as if there is little left to be said. That would be true if the people only took in all that was told them and acted upon the knowledge so acquired. But although we know how to exterminate mosquitoes or at least to diminish materially their numbers, it is only recently, and here and there, that any steps have been taken to fight them, and this in spite of the enormous discomfort and misery they cause, let alone their pernicious activity in perpetuating malaria.

There are many varieties of mosquitoes, but only three kind that concern us in this country very deeply. These varieties are distinguished as belonging to the genera, Culex, Anopheles and Stegomyia.

The first named includes the ordinary fever biting mosquito of temperate parts. It is suspected, and with some good reason, of spreading dengue, or "breakbone" fever, a distressing disease occurring in epidemics in the Southern States.

The mosquitoes of the second class are the greatest enemy man has among the pests, for they convey the germ of malaria, and it is probable that without them this disease would cease to exist. The third genus embraces the yellow-fever mosquitoes. By destroying them, large numbers, and preventing the survivors from biting persons sick with yellow fever, this disease has been driven out of Havana, Panama and Rio de Janeiro. The mosquitoes exist, however, in great numbers in the Southern part of our country, and so long as they do and so long as yellow fever exists in the coast towns of Mexico and Central America, just so long are we liable to recurrence of epidemics of the disease in places bordering on the Gulf of Mexico.

Mosquitoes lay their eggs in stagnant water, so their extermination theoretically easy—do away with mud holes, swamps and stagnant pools. Practically, however, the affair is not so simple, for it involves the draining of swamps, the stocking of ponds with the fish which feed on mosquito eggs, the clearing away of weeds and bushes from the borders of ponds and streams, the screening of cisterns and tanks, the covering with a film of oil of ponds which cannot be drained, and many other troublesome measures. The reward, however, is great, as some communities in which a mosquito campaign has been waged known to their joy. Fortunately, mosquitoes do not travel far, and a public-spirited community which has rid itself of the mosquito pest has little to apprehend from its lazy neighbor a few miles away.

STEARNS & FOSTER WINDSOR GRADE MATTRESS \$13.50

A positive guarantee of money back if not satisfactory on 60 nights' trial. Come in today. We've got all the good things at very reasonable prices.

The J. L. ROARK Estate

The highest medical authority on foods, Sir James Crichton Browne, LL.D.—F.R.S. of London, gives the best reasons for eating more Quaker Oats

In an article published in the Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building—

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adolescence (youth), and that is oatmeal."

"Oats are the most nutritious of all the cereals, being richer in fats, organic phosphorus and lecithins."

He says oatmeal is gaining ground with the well-to-do of Great Britain. He speaks of it as the mainstay of the Scottish laborer's diet and says it produces a big-boned, well-developed, mentally energetic race.

His experiments prove that good oatmeal such as Quaker Oats not only furnishes the best food for the human being, but eating it strengthens and enlarges the thyroid gland—the gland is intimately connected with the nourishing processes of the body.

In conclusion he says—

"It seems probable therefore that the bulk and brawniness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oat-meals.

Eastern View of the House Fly.

The Boston Transcript takes a column and a quarter of editorial space to give "A Temperate View" of the fly. It believes that the crusade against the fly is made in such a manner as to damage the cause and to alienate the sympathy of some of the best allies by an "infectious" use and a "misuse" of facts. It denies, for instance, what we have never seen charged, namely, that the new barn fly comes forth covered with bacteria. The fly of a few hours is probably harmless, but how much longer does it remain so?

The transcript makes a point of saying that the fly does not bite like the mosquito, its activity as a spreader of human disease is limited to a few organisms. "In this theory the mosquito is comparatively harmless, although bacteriologists have proved that the variety alone is responsible for the spread of thousands of cases of yellow fever. It is true that the fly's activity as a spreader of disease may be limited to a few organisms, but what are they? Asiatic cholera, cholera infantum, typhoid fever, smallpox, diphtheria, tuberculosis. There are experts in Boston who can tell the Transcript how deadly is the work of the fly in transmitting germs of these diseases. Unscreened windows in sick rooms, open vaults, and spitting after the fly opportunities to do its deadly work.

The Transcript says "tuberculosis is hardly to be counted transmissible" by the fly. Tuberculosis germs were found on the feet of flies taken half a mile away from the tuberculosis hospital at Danvers, Ill. Dr. Fredrick T. Lord, whose home was in Boston, after a series of long and careful laboratory investigations in 1924 concluded that "flies may ingest tubercular sputum and excrete tubercle bacilli the virulence of which may last at least fifteen days; that the danger of human infection from tubercular fly specks is by the ingestion of the specks on food."

In 1887 Spillman and Haushalter discovered tubercular bacilli in the intestinal contents of flies and in their dejecta as well, showing that the flies had fed upon tubercular sputum. Mr. L. O. Howard, the chief entomologist of the agricultural department is no alarmist. Let the Transcript read his book, "The House Fly." Let the Transcript read that part of his book, "Insects and Disease," which relates to the fly.

If you have a watch or clock out of running order, jewelry to be repaired, or sewing machines out of service, bring them to McCracken and get firstclass guaranteed work.

Parcels Post.

It is good news that the farmers are making an effective demonstration at Washington in favor of the parcels post. A dispatch from the capital reports that members of the sub-committee of the committee on postoffices and postroads, now holding hearings, are surprised at the strength of the demand. We believe this demand will grow steadily.

Meantime the rural retail merchants are being rallied in the opposition. They are on the wrong side. Not only are they opposing an inevitable movement for the better organization of commerce and the improvement of conditions of farm life, but they are opposing a direct benefit to themselves.

The small local dealer, if he keeps a stock suited to the needs of his community, and if he displays it attractively, will always retain his place. People like to see goods. They like to trade. There is much buying that cannot be anticipated. Human nature is almost altogether in favor of the local dealer, and it is the present system that puts barriers between the dealer and his trade.

A parcels post will provide the small rural dealer and his customers the cheapest and most reliable of delivery systems. It will make it much easier for them to deal, which will more than offset any advantage the catalogue houses may gain by the service.

"Dr. Miles' Nervine Completely Cured Our Little Boy of Fits."

A family can suffer no greater affliction than to have a child subject to fits or epilepsy. Many a father or mother would give their all to restore such a child to health.

"I am heartily glad to tell you of our little boy who was completely cured of fits. He commenced having them at 10 years of age and had them for four years. I tried three doctors and one specialist but all of them said he could not be cured, but Dr. Miles' Restorative Nervine and Dr. Miles' Nerve and Liver Pills made a complete cure. He is now hale, hearty and gay. It has been three years since he had the last spell. I shall give Dr. Miles' medicines praise wherever I go. You are at liberty to use this letter as you see fit and anyone writing to me I will gladly answer if they enclose stamp for reply."

F. M. BOGUE, Winfield, Ind.

Dr. Miles' Nervine

is just what it is represented to be, a medicine compounded especially for nervous diseases, such as fits, spasms, St. Vitus' dance, convulsions and epilepsy. These diseases frequently lead to insanity or cause weak minds. Dr. Miles' Nervine has proven most effective in relieving these dreaded maladies.

Sold by all druggists. If the first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.
